Dear Mr. Dean,

Re: Donation of £400 to help save lives across London

Thank you and all the members of **HANWELL CHAPTER** so much for your incredibly kind donation which we received on 8th November 2022. We are extremely sorry to learn that you have decided to close the Chapter and we would like to wish you all good health and happiness for the future. It is always an inspiring and humbling experience to receive donations from supporters like yourself who share our determination that seriously injured people in and around London deserve the best chance of survival and full recovery.

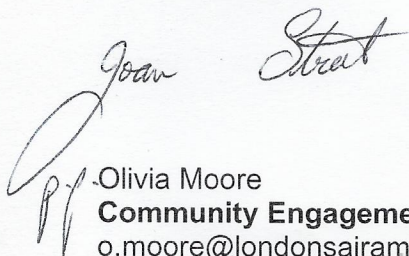

Many people do not know that London's Air Ambulance is a charity that only receives partial funding from the NHS. This means our ability to continue providing hospital level healthcare to people suffering catastrophic traumatic injury is dependent on the generosity of like-minded supporters wanting to ensure that the capital's only helicopter emergency medical service continues to fly.

Your belief and investment in our services means we can continue to attend traumatic events from mass casualty tragedies like the Grenfell Tower fire and London Bridge attack, to caring for the victims of serious road traffic accidents and violent crime.

Time is precious when a life is on the line. When every second counts, supporters like you help us to be there for people who need us the most. Thank you so much.

Please do not hesitate to contact me should you have any questions or require any further information.

Kindest regards,

Olivia Moore
Community Engagement Officer
